## System Requirements Does the software have to be installed on each of our users' PCs?

## For Auto Dialer -- Single line edition.

Yes, you need to install it on each of user's PCs.

## For Predictive Dialer -- Multiple line edition.

It need to install Predictive Dialer on a separated computer. And the users need to install the Remote Agent for each of them. Unique solution ID: #1041 Author: eva Last update: 2016-01-20 08:19
